

COLE RICHARDS

Santa Monica, CA · 424-757-3084 · milescoler@gmail.com

SUMMARY

I'm a people person with a competitive edge. I've worked events, managed a sales floor, coached a college volleyball team, and served as a team captain — and in all of it, the constant has been my ability to connect with people quickly and get things done. I take pride in showing up prepared, staying composed under pressure, and making sure the people around me have a good experience. Currently finishing my B.S. in Statistics and Data Science at UCLA.

EXPERIENCE

Volleyball Coach

Sep 2024 – Apr 2026

UCLA Women's Club Indoor Volleyball | Los Angeles, CA

- Designed and ran practices for a competitive club team, with a focus on technique, conditioning, and game-ready preparation.
- Created an environment where athletes held each other accountable and genuinely wanted to improve — equal parts coaching and mentoring.
- Managed scheduling, equipment, and day-to-day communication between players and club staff.

Server & Event Staff

Dec 2023 – Aug 2024

GlenAnnie Golf Course | Santa Barbara, CA

- Staffed a wide range of events — weddings, quinceañeras, wine tastings, corporate outings — each with its own crowd and expectations.
- Served food and drinks throughout events, stayed attentive to guest needs, and kept things moving without needing direction.
- Ran the bar during events, managing pace and making sure guests were taken care of throughout the night.
- Got comfortable quickly with different types of people and situations, and learned to adjust my approach based on the tone of each event.

Sales Associate

Dec 2022 – Dec 2023

Tillys | Santa Barbara, CA

- Consistently hit and exceeded sales targets by knowing the products well and taking the time to actually understand what customers were looking for.
- Made enough of an impression with customers that when they came back, they remembered me and picked up where we left off.
- Kept the floor clean and well-presented — took ownership of the space without waiting to be asked.

EDUCATION

B.S. in Statistics and Data Science

Sep 2024 – Jun 2026

University of California, Los Angeles (UCLA) | Los Angeles, CA

A.S. in Mathematics

Aug 2022 – May 2024

Santa Barbara City College (SBCC) | Santa Barbara, CA
